"Dealing with Home & Yacht Linen and Interiors is a professional blessing."

"They were open to ideas, worked well with a timeline, produced a quality product, understood last minute changes & have followed up. They set up a showcase of products which was a great way for crew to see, feel, & experience the fabrics & options available. They offered us some design & colour suggestions, they kept to the deadline & were in constant communication.

I would not hesitate to recommend working with them to any large yacht in the industry. In short the company are friendly & reliable & provide quality and comfort."
